EXCUTIVE SUMMARY

GLG Coins - Kabazon Points (KP) are a loyalty point system that allows holders to purchase hundreds of thousands of products and services online and in retail settings with the e-Xanadu of Benecafe. Everything from consumer electronics, to automobiles, to fantastic travel around the world, to real estate, to health services can be purchased with GLG Coins - Kabazon Points.

GLG RESERVE PTE, LTD.

GLG Coin is an ERC-20 token built on the Ethereum network. ERC-20 is a technical standard used for smart contracts on the Ethereum blockchain for implementing tokens. ERC stands for Ethereum Request for Comment, and 20 is the number that was assigned to this request. ERC-20 defines a common list of rules for Ethereum tokens to follow within the larger Ethereum ecosystem, allowing developers to accurately predict interaction between tokens.

GLG Coins/Kabazon Points (KP) partner e-Xanadu is a company built to service and enhance member experiences for our over 25 million members and growing. Our network has been helping members all over the world realize their dreams for over 25 years. Whether it's travel and experiences, products for their family and pets, or even a home or vehicle, we have it all along with the best customer service in the world. By partnering with the largest existing employee membership program in the world, we aim to become the world's leading employee and participant membership program. We will enhance the value of employment by offering unique and unparalleled membership benefits.

GLG Coins/Kabazon Points (KP) dba Kabazon Group, Inc. has been continuously negotiating with key global companies for the past two challenging years. Recently, Kabazon Points (GLG) signed a Strategic Partnership Agreement with **Hollywood Token** (Advent Coin), **Retail Benefits**. Retail Benefits has over 100 million users with over 40,000 retail stores including Costco, Walmart, Petco, Pep Boys, Walgreen, Target, CVS, Macys, Office Depot and Sephora. Further Kabazon Points has also aligned with the **Sportsman's Card** and its 87 million recreational fishing and outdoor sports licenses. This is Sportsman's **prepaid card** program in partnership with **Mastercard®**, the global technology as the exclusive network. The Sportsman's card also has strategic partnership with **Cascade FinTech**, **First National Bank of Oldham**. **Hollywood Token (Advent coin)**. **Advent Token** holders join in the Profits of Hollywood Films and Television Shows produced by Advent Entertainment, a film and entertainment funding company which plans to utilize the Advent Cryptocurrency as part of financing for their projects.

GLG RESERVE PTE, LTD. developed an altcoin – **GLG Reserve Coin (GLG)** -- for Kabazon Points (KP). The GLG Coin is a utility coin with a One Stop Multi use. GLG Coin will be used by over 1,000 company's employees (their 25+ million employees) and family members worldwide by providing access to unique and unparalleled loyalty program benefits connected to over 49,000 retailers for shopping, travel, entertainment (music & movie), education, healthcare, swapping (to GLG Coins from cashback, rewards, and points), prepaid card, crowdfunding, and more.

GLG Coin is will be combined with over 200 million members, Kabazon Points (KP) and its partners Hollywood Token (Advent coin), Sportsman's Card/Mastercard, Retail Benefits, Supercon, ETRA, Active Collider, and Benfecafe of e-Xanadu can be utilized collectively thus creating tremendous synergy.

KABAZON'S BENECAFE

Rapidly Expanding Ecosystem

The Kabazon Points ecosystem is a collection of rapidly expanding sets of interconnected services ranging from online retail to location-based entertainment and beyond. The rapid digitization of the banking, finance, and digital products space means that integrating and federating with disjointed walled gardens has become easier than ever before.

Curated and Managed Logistics

By curating and managing the supply chain and logistics for our members we are able to create a superior experience, with reduced friction, leading to a better user experience. We negotiate with manufacturers, distributors, and shippers to get the best rates for our customers while assuring consistent quality and efficiency from our vendors and partners.

Powered by Blockchain and DLT

By leveraging blockchain and DLT we are able to open our ecosystem to third-party participants, on a voluntary basis, while still retaining security and trust; keeping costs low and fees affordable for our members. This will lower our TCO while reducing the time to market for integrating in to the existing decentralized finance and tokenized economy ecosystem opening up a world of possibilities for members that have been traditionally locked in to very limited rewards systems.

Leader Team

Our leadership team are all 20+ year veterans spanning many verticals, including technology, real estate, finance, and healthcare and representing the top 1% of Fortune 50 companies in the United States and South Korea. With our officers and board based in both Los Angeles and Seoul, Kabazon Point is situated in the ideal geographical and technological hubs to realize success.

Premier Association Members

Kabazon Point (Benecafe) has partnered with some of the industry leading companies in their respective domains to maximize success and enhance reach. **e-Xanadu**, the largest employee membership program in the world, brings over 25 years of experience and multinational partnerships to the relationship. **Evanston**,

a Seoul-based firm providing professional real estate development services with concentrations in owner representation, project management, and construction management, serves as a solid partner for our commercial development and resort-based destinations with **Epic Management Group** and **VOIT, ETRA, EWAI**, an interdisciplinary professional services firm with a wide breadth of expertise ranging from architecture, interior design, entitlements to construction management, brings leadership from both US and Korean based marketplaces. **Prime Trust**, a Las Vegas based financial institution and technology company, serves as a foundational infrastructure partner lynch pinning our next generation and industry leading loyalty, finance, and development initiatives.

GLG RESERVE PTE, LTD. understands that marketing and awareness of a film or television and music project as well as a digital token is essential for progress in the worldwide market. One of the most powerful marketing industries in the world is the entertainment industry. Film, television, music and the fascination of the worldwide public with Hollywood celebrities creates a venue to reach millions of people and to bring an awareness of advent and the world of digital currencies and tokens into homes, cell phones, tablets, televisions, computers and theaters worldwide.

MARKETING AND INTERACTIVE RELEASE CAMPAIGNS

GLG RESERVE PTE, LTD. and ADVENT ENTERTAINMENT, LLC. plans to use digital displays, where allowed, with the release of the feature films in theaters and provide for instant merchandising and interaction with fans. We plan to make purchasing through our displays available in both traditional methods of payment as well as digital tokens and cryptocurrency, including GLG Coins. Marketing, smart theater creation, augmented reality, virtual reality and digital screens are set up with the goal to greatly enhance the reception of our projects. SOCIAL MARKETING WITH VISUAL EFFECTS Using a combination of the digital displays, embedded cameras and visual effects technology we plan to allow moviegoers to become a part of the events inside the screen. Imagine posing next to your favorite hero or animated character in their world and in their poster. In our development plan, moviegoers will be able to post themselves with their favorite movie stars and characters to their social networks and our hope is that this technology will drive social marketing for films and merchandise to a much higher level.

BUSINESS ROADMAP
